Week 5

Overview

- Our team worked on finalizing the project proposal, brainstorming ideas, and clarifying the overall direction of the project. We had a slow start due to the late approval of the project but are now moving forward.

Key Activities

1. **Project Setup**
   - Created a Trello board to manage tasks.
   - Set up a GitHub repository for version control.
   - Established running documentation to record project progress.
2. **Meetings & Feedback**
   - Scheduled weekly meetings with our project manager (TA).
   - Sought feedback from our client regarding the most important features and functionalities they expect. This information will guide our prototype design.
3. **Communication & Team Coordination**
   - Established clear communication rules and deadlines.
   - Created a dedicated channel on Discord to centralize team communication and ensure regular updates.
